Please use the rubric in your mailbox to assess and standardize the numbered Personal Project assigned to your 3-member group. When you find your assigned project, assess it independently. After all members of your group have arrived and had a chance to score the project independently, discuss scores as a group and come to an agreement on the achievement levels you will award your assigned project. Please place completed independent rubrics together with the completed standardized rubric (green rubric) in Ms. Brown's mailbox by the end of the day (Thursday, March 17).

The Global Context Key below will help you locate your assigned project. Look for one of the following abbreviations before the number of your project:

IR =Identities & Relationships	GS =Globalization & Sustainability	OST = Orientation in Space & Time
PCE =Personal & Cultural Expression	FD =Fairness & Development	ST =Scientific&Technical Innovation
